MICAI 2026

Sociedad Mexicana de Inteligencia Artificial

MICAI 2026 WORKSHOP · PROGRAM

Beyond the Model: Workshop on Machine Learning Systems, Federated Learning, and MLOps

DATE
Monday, November 2, 2026
Part of MICAI 2026, Nov 2–6

TIME
11:00 – 14:00
Three hours · in English

VENUE
Tecnológico de Monterrey
Campus Chihuahua, Chihuahua, Mexico

Program

11:00 – 11:10 — OPENING

Welcome and workshop overview

Dr. Iván Reyes Amezcua · Workshop Chair, Tecnológico de Monterrey

11:10 – 11:40 — KEYNOTE

Machine learning systems in industry

Dr. Salvador Hinojosa

11:40 – 13:00 — ACCEPTED PAPERS · 15 MIN TALK + 5 MIN Q&A EACH

Paper presentations and authors

PBS-FL: Anonymous Federated Learning with Verifiable Update Inclusion
Rocío Aldeco-Pérez, Oscar Manuel Ruiz Hurtado · UNAM, Mexico

From Hybrid Ensembles to Graph Models: An MLOps-Driven Comparison of Collaborative Filtering for Online Judges
Wilson Julca-Mejía, Herminio Paucar-Curasma, Luzmila Elisa Pro-Concepción · UNMSM, Peru

Retrieval-Verification Separation: A Dual-Metric Architecture for Self-Monitoring RAG Systems
Jorge Gálvez, Ernesto Mendoza, Isaac Bolio, David Rodríguez · Universidad de Guadalajara, Mexico

When the Baseline Chases the Plant: Self-Reference, Auditability and Data Lineage in a Production Photovoltaic Monitoring Pipeline
Daniel Romero Villacís, David Fiallos Chamorro · Tecnológico de Monterrey, Mexico · Sun Conservation, Ecuador

13:00 – 13:50 — TUTORIAL

Hands-on MLOps

Dr. Gerardo Rodríguez-Hernández · M.Sc. Ricardo Valdez Hernández

13:50 – 14:00 — CLOSING

Best Paper Award and closing remarks
